KENTUCKY SCHOOL
FOR THE BLIND

Will D. Evans

This yearbook is dedicated to Will D. Evans, who has just completed his first year as Superintendent of the Kentucky School for the Blind.

Mr. Evans first came to K.S.B. as a student at the age of 10. Following his graduation from Murray State University with a degree in social studies and physical education, he joined the K.S.B. staff as physical education teacher and coach. While earning his master's degree in guidance and counseling from Murray, and full certification to teach visually handicapped students from Peabody College, he continued his work at K.S.B. as orientation and mobility instructor, dean of students and principal.

We look forward to many years of service under Mr. Evans' leadership as he transmits his optimistic, positive manner to all those around him.

In 1842 the General Assembly of the State of Kentucky appropriated money for the establishment of a school to educate blind children. The Kentucky School for the Blind has been in continuous operation since that time, with the exception of a few months during the Civil War.

The philosophy of the school has always been to offer educational opportunities to all students so that each one may have a rich, full life.

It is our desire to impart to the readers of this yearbook the good wishes of the student body and staff by showing through word and picture their activities and achievements.
